

Brothers Creek/Baden-Powell 8.5 km Loop

About the Trail

8.5 km technical loop. Varied terrain including roots, rocks, streams, falls, lakes. Gradual ascent to Lost Lake. Elevation gain 430 metres. Hikers. Leashed dogs okay.

Route takes in Crossover Trail, Brothers Creek Trail, Lost Lake Trail, Baden-Powell.

Getting There

From Highway 1, go north on Taylor Way exit to West Vancouver, British Properties. Turn left and head up Highland Drive, left on Eyremount Drive, right on Millstream Road. Park near 1119 Millstream.

Trailhead

- The trailhead begins at a gate beside 1119 Millstream. Head up the wide trail.

Heritage Walk to Crossover Trail

- At the junction indicating Baden-Powell and the Brothers Creek Forestry Heritage Walk, take the Heritage Walk trail.
- Pass 1912 marker where mill once stood.
- Continue on Heritage Walk till you reach sign for Crossover Trail.

Crossover Trail

- Turn left onto Crossover Trail.
- Trail becomes rooty and cedar-covered.
- Follow fluorescent markers for about 1.1 km.
- Cross Brothers Creek.

Brothers Creek Trail

- Turn right immediately after bridge and head north on Brothers Creek for about 1 km. The creek will be on your right.
- Watch for the falls on your right.
- Cross the bridge.
- Take immediate left towards Lost Lake.

Lost Lake Trail

- At the lake, turn left to continue on Lost Lake Trail.
- Cross creek on boulders.
- On the other side, veer left and follow the markers.

Blue Gentian Lake

- You come to a T-junction at Blue Gentian Lake.
- Follow the planks on the right (may be icy) and continue on the trail till you reach a T-junction.

Baden-Powell to First Lake (Hollyburn)

- At the T-junction, turn left onto Baden-Powell and follow it as it descends, joins up with Skyline and crosses Brothers Creek, towards Craigmohr Road.
- **Watch for the B-P markers**, and eventually you will come to Brothers Creek Forestry Heritage Walk trail. Find the marker indicating Millstream Road.
- (If you accidentally come out at the wrong place on Millstream, turn left and follow the numbers till you get to 1119.)
